Presents

An Administrator's Guide to Understanding Advance Directives

**(AN ONLINE LEARNER-PACED
PROGRAM)**

Online Course Objectives:

The participant will:

1. be able to define Advance Care Planning and explain its importance.
2. be able to explain the importance of The Patient Self Determination Act of 1990.
3. be able to understand The Health and Safety Code Ch. 166 – Advance Directives.
4. be able to define Advance Directives and its benefits for clients.
5. be able to distinguish between various types of advance directives (Medical Power of Attorney, Directive to Physicians and Family or Surrogates, and Out-of-Hospital Do-Not-Resuscitate (DNR))
6. be able to state the responsibilities of healthcare staff to inform patients of their rights to obtain a copy of any advance directive.
7. be able to understand the penalties involved in violating one's right to obtain an advance directive.

Successful completion of this course with 5 clock hours awarded requires completion and submission of a post-test meeting the requirements of a pre-determined score, self-reported level of achievement of objectives, a completion of the course before the deadline date(30 days to complete) and a completion of the online course evaluation.
